JIT Compilation

How does it work?

2 + 2

4

```
console.log(‘Hello, World’)
```

```
await fs.readFile('boo.txt')
```

undefined

Buffer<FF FF FF FF ...>

Hello, World

2 + 2

4

JIT Compilation

How does it work?

2 + 2

console.log(‘Hello, World’)

await fs.readFile(‘boo.txt’)

2 + 2
